The 2020 MSU Pest Management Tour is a last chance opportunity for private applicators in PAT District 3 (Northcentral Montana) to obtain recertification credits before the December 31, 2020 private applicator expiration date. Three credits will be offered for each session (Session 1 or 2). Attendees may attend both sessions to accumulate six recertification credits. Onsite programming will be offered at county locations on October 6th and 8th, while a webinar will be offered to individuals at home on October 9th. Commercial and government applicator credits will also be offered.
